**Objective:** Final-year Electronics B.Tech student with hands-on experience building full-stack web applications using React, Node.js/Express, Java, and Spring Boot. Built an AI-powered interview practice app using the Claude API. Seeking an entry-level software developer role to build practical, user-focused products.

## PROJECTS

**MockRoom – AI Interview Practice App** Live Demo | GitHub

- Built a full-stack AI mock interview app with React (Vite), Tailwind CSS and Node/Express; live on Vercel.
- Integrated the Claude API to generate questions across DSA, OOPs, System Design, DBMS/OS/Networks and HR rounds and evaluate answers with an instant verdict, score and explanation.
- Added voice input/output (Web Speech API) and a results summary of strengths and weak topics.

**TypeForge – Typing Speed Test** GitHub

- Built a responsive typing speed test with HTML, CSS and vanilla JavaScript and real-time analytics.
- Added interactive mouse-tracking 3D tilt effects and particle-burst animations without frameworks.

## EDUCATION

**M S Bidve Engineering College** Latur
Bachelor of Technology | Electronics | CGPA: 6.14 Nov 2023 -27

**Sanjiwani Mahavidhyalaya** Latur
XII | HSC | Percentage: 63.67 June 2023

**Rajiv Gandhi Vidhyalaya** Latur
X | SSC | Percentage: 82.60 June 2021

## SKILLS

Languages : Java, C, SQL, JavaScript
Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS
Backend & Database : Node.js, Express.js, Spring Framework, Spring Boot, Spring Data JPA, REST APIs, JDBC, MySQL
Tools: Git, GitHub, VS Code, Vercel, Claude API
Soft Skills **:** Rapid Skill Acquisition, Self-Directed Learning, Good Communication, Logical & Analytical Thinking

## CERTIFICATION

- Completed a certified course in Frontend Development (HTML , CSS , JavaScript)
- Hands on Workshop On Cloud Computing (DevOps)
- Generative AI Mastermind

## HOBBIES

- Reading Books
- Playing Kabaddi
